

HYBRID DELAYS FINANCIALS

April 28, 2020, Vancouver, British Columbia - Hybrid Minerals Inc. (TSXV: HZ) (“**Hybrid**” or the “**Company**”) has provided shareholders and investors with an update on timing of the release of its audited financial results for the year ended Dec. 31, 2019.

On March 23, 2020, Canadian Securities Regulators published temporary blanket relief for market participants from certain regulatory filings as a result of COVID-19. Hybrid is utilizing the temporary blanket relief which provides for a 45-day extension to file its audited annual financial statements and MD&A for the period ending December 31, 2019. Hybrid expects to file its audited annual financial statements and accompanying MD&A on or before June 15, 2020. The Company also intends to rely on the 45-day extension in filing its quarterly financial statements and MD&A for the period ending March 31, 2020 and expects to file its Q1 financial statements and accompanying MD&A on or before July 15, 2020.

The Company's management and other insiders are subject to a trading blackout until the end of the second trading day after the 2019 Annual Filings and Q1 financial statements are filed. At this time, the company anticipates the 2019 Annual Filings will be completed within the 45-day extension period.
